HAROLD KATZ . . .

When he purchased the 76ers in July 1981, he fulfilled the goal of a confirmed sports fanatic. He had been a 76ers fan for many years and he lived and died with team's successes and failures. As the sole owner of the local NBA franchise, his ambition was two fold—to win a championship with the team (which he did in 1982-83) and also to convert the operation into a profitable business (which he hopes to do this year). He has been an immense success in private industry. In 1972 he established a weight loss center in Willow Grove, Pa. which today has grown into Nutri/System Inc., a publicly held company headquartered in the Philadelphia suburb of Jenkintown. The Company owns and franchises weight-loss centers in 50 states and the District of Columbia. Nutri/System is the only company to offer a complete weight loss and weight-maintenance program utilizing professionals, personal services, and a proprietary food line that makes it unique from its competitors. Katz was born in Philadelphia (May 5, 1937) and was attending high school when his father passed away. Katz then assumed responsibility for operating the family grocery business where he received his first experience in sales, marketing and business management. Eventually he turned to other endeavors to develop his entrepreneurial ability, working as a life insurance salesman for several years and then becoming self-employed in marketing and advertising ventures until he established his weight loss firm. Katz, who is active in many charitable and philanthropic enterprises, lives in Huntingdon Valley, Pa.

PAT WILLIAMS . . .

General manager who rejoined team August 6, 1974. Rated one of league's top innovators in attracting fans and also has fared well in player transactions. Started NBA career as business manager of the 76ers in 1968-69 season when team drew its then record 399,800 attendance. Moved to Chicago for next four seasons as Bulls' GM where he was instrumental in elevating attendance from 3,700 to over 10,000 per game. In 1973-74 served as GM at Atlanta where attendance also rose. 76ers broke attendance marks upon his return reaching a peak 15,718 average in 1977-78. Prior to NBA entrance, he had been an executive success in baseball. Assistant GM of the Miami Marlins in 1964, and in 1965 he became GM of the Spartanburg, S.C. Phillies. Elevated to the Spartanburg presidency in 1967. In 1965, 1966 and 1967 chosen the Western Carolina League's Executive of the Year and in 1967 also was selected Minor League Executive of the Year by Sporting News. A catcher at Wake Forest University, he signed a bonus contract with Phillies in 1962, and spent 1½ seasons as a Miami catcher. Reared in Wilmington, Delaware where he attended Tower Hill School. Born in Philadelphia, May 3, 1940, married to the former Jill Marie Paige of Riverside, Illinois, and father of sons Jimmy, Bobby and Michael, and daughters Karyn, Andrea and Sarah. His first book, "The Gingerbread Man," was published in 1974; two others, "The Power Within You" and "We Owed You One," in 1983 and his latest "Nothing But Winners" will be out shortly. Very active in the Fellowship of Christian Athletes.

JOHN NASH . . .

Assistant general manager and business manager who joined the team on July 28, 1981. He came to the 76ers after a six-year stint as executive secretary of the Big Five basketball program. His past experience includes posts with the 76ers, the Flyers, Eagles, Penn, the Blazers, the Spectrum and the Atlantic City Race Track. He also did radio and TV broadcasting with the Big 5. He is a graduate of St. Joseph's College and taught at Holy Child School in Drexel Hill where he also served as an assistant baseball and basketball coach. He is married to the former Ann Raley and they have 5 children. He was born Nov. 28, 1946 and resides in Springfield (Delco). He is also the team's radio color man.

BILLY CUNNINGHAM . . .

One of the most popular players in the history of the 76ers. Assumed the 76ers coaching reins on November 4, 1977 to currently rank as the NBA's fourth youngest coach at 41. He returned to the NBA after retiring as a player just before the start of the 1976-77 season when a knee injury he suffered 20 games into the 1975-76 campaign failed to respond to treatment. In his 7 years as 76ers coach, the club has won 396 games, more than any other coach in that span. He reached 200 and 300 wins faster than any coach in NBA history and needs 4 more to reach 400 the fastest. He led Sixers to title in 1982-83, and he's been in the finals two other times.

He played 11 years in the pro ranks after being the No. 1 draft choice of the 76ers in 1965 following a collegiate career at North Carolina. The Brooklyn native starred for the 76ers (1965-66 through 1971-72), and then switched to the ABA Carolina Cougars. He returned to the 76ers in 1974-75 to add two more seasons to his career.

Billy was a key member of the 1966-67 NBA champions. He was chosen on the League All-Stars First Team in 1968-69, 1969-70 and 1970-71 and on the second team in 1971-72. He played in four All-Star games. He was the ABA's MVP in 1972-73. In his NBA career he played 654 games and tallied 13,626 points for a 20.8 average. His best year was 1969-70 when he registered 2114 points for a 26.1 average. In his best ABA season he scored 2028 points (24.1 ave.) to win the MVP laurels.

He played high school basketball at Erasmus in Brooklyn. He is married (wife Sondra) and has daughters Stephanie and Heather. He was born June 3, 1943.

JACK McMAHON . . .

Director of player personnel and assistant coach who joined team late in 1972-73. Rated an outstanding evaluator of court talent due to his long experience in pro basketball. Former coach of the Cincinnati Royals and San Diego Rockets in the NBA. Also piloted Kansas City in 1961-62 in American League prior to coaching Chicago Zephyrs in NBA for half a season. Guided Cincinnati for four seasons and posted two second-place finishes as well as a playoff berth each campaign. Tenure at San Diego lasted two and one-half seasons starting in 1967-68. His next stop was at Pittsburgh in the ABA for a year and a half. He scouted for Condors last half of 1971-72 campaign. At San Diego he also served as club's general manager and had the most successful expansion draft in league history in 1967. Played collegiately at St. John's and spent eight years in NBA after leading St. John's into two NCAA and two NIT tourneys. Played 3 years with Rochester before going to St. Louis to help 1957-58 Hawks win the NBA title. Has 32 consecutive years in pro basketball as player, coach or scout. Married to former Kay Woods and has two sons and a daughter. He was born December 3, 1929.

MATT GUOKAS . . .

After 4½ years as a member of the 76ers broadcast team, he became an assistant coach in December 1981 succeeding Chuck Daly. He was an All-American at St. Joseph's College and was the 76ers first round draft choice in 1966. He was born February 25, 1944.

After 4½ seasons with the 76ers, including the 1966-67 championship campaign, he moved on to play for Chicago, Cincinnati, Kansas City, Houston, Buffalo, back to Chicago and back to Kansas City before closing out his career. Played for six different teams in his 10-year NBA career, accumulating over 4,000 points and 16,000 minutes in 735 games. He now scouts other NBA teams and ran club's rookie camp this past summer.

His father, Matt, Sr., played for the 1946-47 champion Philadelphia Warriors.

HISTORY OF THE 76ERS

Professional basketball in its modern phase has had two stages in this city. The first section comprised the career of the Warriors between 1946 and 1962 and saw two titles come here—1947 when the immortal Joe Fulks hit his heights and 1956 in Tom Gola's rookie season.

When the Warriors were transferred to San Francisco at the close of the 1961-62 campaign, it appeared pro basketball would be just a memory. Irv Kosloff and the late Ike Richman, however, teamed to purchase the Syracuse Nats in the spring of 1963 and bring the franchise here. The team was renamed the 76ers and Dolph Schayes was named coach for the 1963-64 season.

Dolph piloted the team for three seasons and in his final year he steered the 76ers to the Eastern Division titled aided by the addition of Wilt Chamberlain who came in January 1965 in a deal with San Francisco. Alex Hannum took over the coaching reins in the 1966-67 season and led the team to a 68-13 record. The club won the third title in the city's history.

Hannum steered the team to its third straight Eastern Division title in 1967-68, and then the Jack Ramsay regime began. Ramsay had been the club's GM during Hannum's two years as coach and when Hannum left after the 1967-68 season, Jack assumed the coaching duties—along with his GM chores. He didn't have Chamberlain who was traded to Los Angeles, but still managed to finish second in the division that year.

Ramsay relinquished the GM role to Don DeJardin just before the start of the 1970-71 season and confined his efforts to coaching for two seasons. For 1972-73 Roy Rubin succeeded Ramsay until the All-Star game break when Kevin Loughery supplanted him. Gene Shue was named coach on June 15, 1973 and started the club's resurgence in the 1973-74 campaign. Pat Williams became the club's GM in August 1974. Fitz Eugene Dixon, Jr. purchased the club from Kosloff in May 1976. Julius Erving was secured on October 21, 1976 and the team won the Atlantic Division title and lost in the NBA finals.

On November 4, 1977, Billy Cunningham replaced Shue as coach and led team to Atlantic Division title and to the Eastern Conference finals. In 1979-80 and 1981-82 Billy piloted the team to the NBA finals and in 1982-83 to the NBA championship. Lou Scheinfeld was appointed president of the club on January 30, 1980, and relinquished duties on June 1, 1981. Harold Katz purchased the club July 9, 1981, the sale was approved on Sept. 21 by the NBA and became final on Sept. 24, 1981.

MALONE'S FOUL OUT RECORD

Moses Malone has fouled out five times in his NBA career, three times in his first NBA season (1976-77) and twice in 1977-78, all with Houston. He last fouled out on Jan. 6, 1978 vs Milwaukee at Houston. Thus he entered the 1984-85 season with 498 consecutive games without a foulout. In addition he never fouled out of a playoff game or an all-star game. So you could add 51 playoff games and 6 All-Star games to give him a streak of 555.

Jones fouled out vs. Chicago

SIXERS OWN 19 CHOICE PICKS

From 1985 through 1990 the 76ers have seven extra draft choices in addition to owning all of their own. They own San Diego's 1st pick in 1986 (Joe Bryant), Washington's 1st pick in 1988 (Tom Sewell) and 2nd round picks of Cleveland in 1985 (Chuck Daly); New Jersey in 1987 (Reggie Johnson); San Antonio in 1988 (Mark McNamara); Detroit in 1989 and 1990 (Earl Cureton). Thus in the 1985-1990 period they own eight 1st round picks and eleven 2nd round picks.

5 NCAA, OLYMPICS AND NBA CHAMPIONS

Five players have played on the NCAA champions, the Olympics title team and the NBA titlists. They are Clyde Lovellette, 1952 Olympics, 1952 Kansas U, 1954 Minneapolis Lakers and 1964 Boston Celtics; Bill Russell, 1956 U of San Francisco, 1956 Olympics and 1957 plus other Boston Celtics teams; K. C. Jones, 1955 U of San Francisco, 1956 Olympics and 1959 plus other Boston Celtics; Jerry Lucas, 1960 Ohio State, 1960 Olympics, and 1973 New York Knicks; and Quinn Buckner, 1976 Indiana U, 1976 Olympics and 1984 Boston Celtics.

BARRY OWNS A NOVEL TRIPLE

Rick Barry, current play by play announcer for WTBS, holds the unusual distinction of being the only player to capture scoring titles in the NBA (with San Francisco in 1966-67), ABA (with Oakland in 1968-69) and the NCAA (with The University of Miami in 1964-65).

HISTORY OF NBA POINT DIFFERENTIAL

The point differential in all 20,348 regular season games played in the NBA since its origin are shown on this chart. Researched by Dick Pfander of Battle Creek, Michigan, it shows the number of times each point difference occurred and also what percentage of all games played ended with that difference. The chart shows that at least one game ended in a difference from 1 through 54 and that a two point difference occurred the most times (1525). There have been 14 games with point differences in the 50's and 60's including the largest margin of victory on March 19, 1972 when Los Angeles beat Golden State 162-99. More than one of every four games are decided by 4 points or less and over 49 percent of all games ended with a margin of eight points or less.

CLUB NICKNAME

The late Walter Stahlberg, of West Collingswood, New Jersey, won a contest to name the club in 1963. The choice of the club's nickname was announced on August 6, 1963. There were almost 500 different suggestions among the entries and Stahlberg was one of several who picked the 76ers. However, his accompanying 25-word explanation was deemed the best by the judges, and he and his wife received an all-expense trip to the West Coast to see the 76ers play San Francisco.

NBA PLAYOFF WINNING MARGINS—1946-47 THRU 1983-84

Since the origin of the NBA in 1946-47 there have been 1320 playoff games with a total point difference between winner and loser of 13,379. That is an average of 10.14 points per game according to Dick Pfander of Battle Creek, Michigan. The chart shows the number of times each point difference occurred in playoff history. These totals include 10 special playoff games which were played to break ties in regular season final standings and, thus, determine playoff opponents.

WINNING WAYS 1983-84

It's important to get off to a fast start in NBA games and also to have a good finish. Research by Dick Pfander of Battle Creek, Michigan, indicates that the team which leads at the end of the first quarter won 62% of the time. Every team won at least half the games in which they led after one quarter. Milwaukee and Boston were best at over 81% of the time. Outscoring your opponent in the fourth quarter was worth a victory over 64% of the time. Only two teams failed to win at least half of such games. Boston and Detroit won over 80% of games in which they won the fourth quarter. The playoffs were much more varied. Almost 71% of teams which won the first quarter also won the game, while only 49% of teams which won the last quarter, won the game. However, in 67 of the 79 playoff games, the eventual winner was already ahead after three quarters of play. The totals follow:

	Regular Season (943 games)				Playoffs (79 games)			
	1st Qt.		4th Qt.		1st Qt.		4th Qt.	
Win	584	61.93%	610	64.69%	56	70.89%	39	49.37%

LOWS SINCE 24-SECOND CLOCK

Since the 24-second clock was introduced into the NBA in the 1954-55 season, the lowest scoring regular season game was a 62-57 victory by Boston over Milwaukee on February 27, 1955 at Providence. In this game the floor was atop ice and the moisture came through the boards to make running hazardous. The total of 119 is the low and so are the 57 points by Milwaukee (now the Atlanta Hawks). The lowest scoring playoff game found Ft. Wayne beating Syracuse, 74-71, April 7, 1955 at Indianapolis. The total of 145 points and the 71 by Syracuse are the lows. Buffalo scored 63 vs. Milwaukee Oct. 21, 1972 and Chicago 65 at Phoenix, Mar. 6, 1975; Cleveland 67, Nov. 19, 1977, Dallas 68, Feb. 4, 1981 and Phoenix 68, Mar. 8, 1981.

FIELD GOALS ANALYSIS—1983-84

NBA teams won more than 3 of every 4 games played in 1983-84 when they had the most field goals in a game. Records compiled by Dick Pfander of Battle Creek, Michigan, show that the team which had more field goals won 673 times and lost only 210 times for a .762 winning percentage. There were 60 games in which both teams scored an equal number of field goals. Seattle, the 76ers and Utah were best at winning games while outscoring their opponents from the field while New Jersey, Cleveland and Houston had the most difficulty doing so. Conversely, winning games while being outscored in field goals was a very tough act. Only Boston was able to win even half of such games, but Boston, the 76ers, and Utah had the best percentage—Washington, Phoenix and Houston had the worst. Complete figures follow:

FREE THROWS ANALYSIS—1983-84

For three NBA teams (Boston, Milwaukee and New Jersey), the ability to make more free throws than an opponent just about guaranteed victory. All three won over 80% of the time when they made more free throws. For many other NBA teams in 1983-84 the results were not quite that dramatic. However, the overall league wide percentage was a respectable .636 as the team with the most free throws won 573 times and lost 328 times, according to Dick Pfander of Battle Creek, Michigan. In 42 games the two teams made an equal number of free throws. The above mentioned Boston, Milwaukee and New Jersey had the most success when making more free throws than the opponent, while Cleveland, Chicago and Indiana had the most trouble. The teams which won most often when making fewer free throws were Los Angeles, New York and Boston, while San Antonio, Chicago and San Diego experienced the most trouble winning with fewer free throws. Complete totals follow:

NBA SCORING POTENTIAL CHART 1983-84

This chart shows the scoring potential achieved by NBA players last season. For example, a player takes 10 field goal attempts and makes six. He takes 12 foul shots and makes eight. His potential would be 32 (10 FG and 12 FT), and he made 20 (6 FG and 8 FT). Thus he hit 62.5% of his potential.

These charts show the scoring potential achieved by NBA teams last season for themselves and for their foes. For example, a team takes 7000 field goal attempts and makes 3500. It takes 2000 foul shots and makes 1500. The team's potential is 16,000 (7000 FG and 2000 FT) and it made 8500 (3500 FG and 1500 FT). Thus the team hit 53.1 of its potential.

DOMINANCE INDEX RATINGS

Several years ago Sports Illustrated Magazine devised a Novel Dominance Index with the idea of showing via points how much a team dominated a season. To secure the figure for each team, the championship team's average margin of victory is divided by the margin of victory of the second best team. In some cases, the team with the best win and loss record didn't have the best margin of victory. All this deals with the regular season action and, naturally, there are many cases where the team with the best regular season record failed to win the playoffs. The best team according to this system is the 1955-56 Warriors which had a 4.3 victory margin against an 0.7 differential for next best Boston. The best margin of victory was 12.3 for Los Angeles in 1971-72.

LENGTH OF NBA's 1983-84 GAMES

This chart shows how long it took to play the league's 943 games in the 1983-84 season. For each team it shows the total minutes of its games, home, away and overall; the length of a game broken down into hours (1:55.9 means 1 hr. 55.9 mins.) and the fastest and slowest games each team played. The chart shows Seattle had the fastest games on its home court (2:02.9), and Cleveland the fastest away (2:01.5) and overall (2:03.4) San Antonio was the slowest team at home (2:11.0), and the 76ers slowest away (2:13.7) and overall (2:12.0). A four overtime game Chicago at Portland was the longest (3:24), while the fastest game of 1:44 was Golden State at Cleveland. For the trivia fans adding all the 943 games together would give you a total of 2,006 hours and 52 minutes. The league average was 2:07.7 compared to 2:04.9 in 1982-83.

ALL-TIME ANALYSIS OF NBA PLAYERS

Dick Pfander of Battle Creek, Michigan has done a thorough analysis of the 1845 different players who have appeared in at least one NBA game since the 1946-47 season. The study turns up some interesting facts. The 1845 players have played a total of 6,734 seasons which averages 3.65 years per player. They have played a total of 397,201 games which averages 215.29 games per career. These players have scored 4,282,395 points which averages 2,321.08 points per career. Thus, the average NBA career spans about 3⅔ seasons, 215 games and 2,321 points. 310 players performed in the NBA during the 1983-84 season, including 55 players playing their rookie season in the league.

A WILT RECORD THAT STILL STANDS

Everyone is familiar with the league record 100 points that Wilt Chamberlain scored in 1962 versus the Knicks, but it is not as widely known that he also holds the league record for assists by a center. He achieved this figure Feb. 2, 1968 vs. Detroit. Maurice Cheeks equalled that figure to tie Wilt for the club mark on Oct. 30, 1982 vs. the Nets, but of course Cheeks is a guard.

LEAGUE POINT BREAKDOWN

Dick Pfander has analyzed the scoring of the 310 players in the league last year and come up with the chart below which indicates by club the following categories: Number of games played by all team members, how many times they were held scoreless, scored 1 to 9 points, 10 to 19, 20 to 29, 30 to 49, 40 to 49, 50 to 59. Elsewhere in the book are breakdowns on the 20, 30, 40 and 50 plus performances. Buck Williams was the leader in teen point totals with 55. Marc Iavaroni led the league in single digit games with 69, while Granville was shut out 26 times for the leadership in that category. Below the league breakdown is a analysis of how the 76ers fared.

NBA WINNING MARGINS—1983-84

During the 1983-84 NBA season, the average margin of victory was 9.89 points, which shows a substantial decrease from the 10.49 average for the 1982-83 season, according to Dick Pfander of Battle Creek, Michigan. The total margins of victory in all 943 regular season NBA games added up to 9,334 points and the average margin was nearly back down to the 9.80 average for the 1981-82 season. The largest margin was 40 points, accomplished twice, in contrast to the 53 point margin which was largest during 1982-83. More than ¼ of all games had a margin of 4 points or less, ⅓ had a margin of 5 points or less and well over half had a margin of 8 points or less. This season there were 69 more games with margins of 7 points or less than during the 1982-83 season.
